PROFESSIONAL SUMMARY

Angular Front-End Developer with 3+ years of experience crafting exceptional, responsive web applications. Also proficient in HTML, CSS, JavaScript, TypeScript, Bootstrap, and RxJS. I excel at building engaging and performant user interfaces.

CORE SKILL SETS

- | | |
|---|---|
| ✓ Languages: JavaScript, TypeScript | ✓ Framework: Angular |
| ✓ Libraries: RxJS | ✓ UI/UX: HTML5, CSS3, Bootstrap |
| ✓ Development Tools: Visual Studio Code, Chrome DevTools | ✓ Version Control & Collaboration: Git, Jira |

PROFESSIONAL EXPERIENCE

Hamly Business Solutions

Software Engineer | September 2024 - Present

- **Developed and maintained the front-end of a robust task management tool** using Angular, TypeScript, and HTML5/CSS3.
 - **Implemented responsive design principles** to ensure optimal user experience across various devices.
 - **Successfully integrated front-end with backend APIs.**
 - Utilized **advanced Angular features** like components, directives, services, and dependency injection to create modular and efficient code.
 - Wrote **clean, well-documented, and maintainable code** adhering to best practices
 - Leveraged **RxJS** for efficient asynchronous programming and reactive data streams.
 - Stayed updated with the **latest Angular and front-end development trends and technologies.**
-

Grid Dynamics

Software Engineer | September 2022 - July 2024

- Contributed to the **development of a seamless user enrollment process** specifically designed for the Indian market **of an e-commerce platform**.
 - **Created tailored forms to capture vital user data** like Aadhaar numbers, adhering to Indian regulations.
 - Successfully **integrated front-end with backend APIs**.
 - Introduced a document capture functionality by **integrating the device camera for image acquisition and upload**, enhancing user access.
 - **Contributed to develop a user-friendly customer care portal** that streamlines how inquiries are handled and offers real-time document status updates. This empowers customer service representatives to provide faster and more efficient support.
 - Utilized problem-solving skills to **fix bugs after development**, ensuring uninterrupted service.
 - **Collaborated effectively across teams**, providing technical expertise to drive project success.
-

Solar Secure Solutions

Web Development Intern | July 2022 - August 2022

- Assisting in the **development and maintenance of web applications**.
 - Developed and optimized **responsive web applications** using Angular, HTML, CSS, JavaScript, TypeScript, Bootstrap and RxJS.
 - **collaborated with design teams** for optimal user experience across various devices.
 - Debugging code to **identify and resolve issues**.
-

Vill Chocolates

Freelance Software Engineer | June 2021 - June 2022

- Worked in development and maintenance of **front-end development of an e-commerce platform**.
- Implemented **responsive** and user-centric designs, ensuring optimal user experience **across various devices**.
- Collaborated with UI/UX designers to translate designs into functional code.

- Leveraged Angular components, directives, and services to build reusable and efficient UI elements.
- Optimized application performance for fast loading times and smooth interactions.
- Successfully integrated front-end with backend APIs.
