PROFESSIONAL SUMMARY

Angular Front-End Developer with 3.5+ years of experience crafting exceptional, responsive web applications. Also proficient in HTML, CSS, JavaScript, TypeScript, Bootstrap, and RxJS. I excel at building engaging and performant user interfaces.

WORK EXPERIENCE

Hamly Business Solutions

SEPTEMBER 2024 - PRESENT

Software Engineer

- Developed the front-end of a **task management tool** using **Angular, TypeScript**, and **HTML5/CSS3**, with **responsive design** and **API integration**. Added a calendar feature for event management, including **recurring events**, and created a Gmail add-on for task creation.
- Wrote clean, maintainable code, utilized **RxJS** for asynchronous programming, and integrated **WebSockets** for real-time updates.

Grid Dynamics

SEPTEMBER 2022 - JULY 2024

Associate Software Engineer

- Contributed to the development of a **seamless user enrollment process** for the Indian market of an **e-commerce application**, integrating Aadhaar number capture, document upload, and real-time **customer care portal** updates.
- Collaborated across teams to **integrate front-end with back-end APIs, fix bugs, and enhance user experience** with features like **camera integration for document capture**.

Solar Secure Solutions

JULY 2022 -- AUGUST 2022

Web Development intern

- Developed and maintained **responsive web applications** with **Angular, HTML, CSS, JavaScript, TypeScript, Bootstrap, and RxJS**, ensuring optimal user experience and debugging code.

Freelance Projects

JUNE 2021 -- JUNE 2022

Web Developer

- Developed and maintained the front-end of an e-commerce platform, ensuring responsive design and optimal user experience across devices.
- Collaborated with UI/UX designers, using Angular to build efficient UI elements and optimize performance.
